- Design suggesting the delineation of walking, running, resting, and biking placemaking for the Fair Park perimeter trail (outside the paywall) that the Santa Fe Trail can connect/merge into via the bike lane. **29**
- Free Wi-Fi in the community park. **12**
- Outdoor auditorium of sorts where classes and church services can be held. **9**
- Needs misting machines throughout the park to make the Texas summer heat bearable! **7**
- Play structures designed for special needs children, including sensory play and safety structures. **7**
- Designated lot for food trucks! **6**
- The Community Park needs maker spaces where South Dallas youth can express themselves. Coordinate with surrounding schools. **6**
- South Dallas has a ton of talented artists that should be showcased in the park. **7**
- Swing sets/creative swings included. Placemaking to swing and talk often appeals to teenage girls and lets them know they belong at the park too. **3**
- Anything that represents an actual river or stream, placed to address runoff, as well as pumped water, edged with rounded stones and grass for sitting along side. Create mini waterfalls so gravity can assist in the soundtrack that running water provides. **4**
